

Rapid Results Notification for Referrers

IntelConnect = rapid access to reports/images via desktop and mobile devices

New for Healthcare Providers!

We are pleased to provide you with IntelConnect, a free value-added service

IntelConnect provides the referring physician, midwife or nurse practitioner with easy access to patient images and exams at any time, from any location.

In addition to fax delivery to your office, IntelConnect provides the added features of email and iPhone/iPad notifications, as well as direct access to results through any web browser – mobile, desktop, Windows and Mac.

With IntelConnect, referring health care providers have access to faster, more reliable, and more secure handling of patient results.

We thank you for your trust in our services and look forward to continuing to provide you with the highest quality imaging results.

**Highly intuitive, IntelConnect
does not require any training or installation of software**

AVANTIA

MEDICAL IMAGING & RESTORATIVE HEALTH

- **Notifications:** IntelConnect features email and iPhone/iPad notifications to inform you when results are ready, as well as status updates and critical result alerts.
- **Mobile:** Get on-the-go access to your radiology results. Facilitates patient education and rounds.
- **Secure:** Password encrypted web access to patient images and reports. Permits physician group access.

- **Intuitive:** No need for training, it's as easy to use as email.
- **Powerful:** Review the entire patient study or available key images with tools to zoom, pan and stack through images.
- **Comprehensive:** IntelConnect's Notifications tab view and powerful search tool provides full access to your past and present imaging results from Stittsville Medical Imaging Centre
- **Critical Result Acknowledgement:** Allows you to confirm receipt of your patients' critical results.

- **Consistent Presentation:** Patient exams and images are presented in a structured format, helping you to work efficiently.
- **Intelligent Worklists:** Automatically filter patients, presenting the cases that are relevant to you.
- **Extendable for specialty physicians:** Launch Intelrad's IntelViewer (for PC or Mac) for greater image viewing capabilities.
- **Easy Consultation:** Contact the reporting radiologist when needed, using secured instant messaging or the provided contact information.
